

Colebridge Young People's Club

Incorporating Colebridge Table Tennis Club

President: Mr. Julian Knight MP

Chair: Mr. John Swinburne

Committee Meeting: Thursday 23rd March 2023

Summary for Members

1: **Crowdfunding Project:** The committee are pleased to report that **£20,969** was raised via the Crowdfunding Project. A huge thank you to everyone who supported the campaign with a reward or donation. The response has been brilliant from members, non-members, families, friends and the table tennis community, both locally and nationally.

2: **Key holders:** A reminder to all key holders they must do a thorough check prior to signing out and locking up. This should include checking both playing rooms, all heaters, external doors, and ensuring the water is turned off.

3: **Floor panels in room 1:** Several of the wooden floor panels have been replaced in room 1. Thank you to Steve Ratheram for his work with this.

4: **Recycling:** There is a dry **recycling bin (green bin)** in the hallway. This is not a rubbish bin. Therefore, please check carefully and only put in empty bottles, cans, paper, and cardboard.

5: **Summer League:** The committee will confirm when a final decision has been made, but it is very unlikely that summer league teams can play home matches at Colebridge. This is due to the planned work in relation to the roof replacement.

6: **Roof replacement:** The committee will provide further details regarding the roof replacement in due course. We are hoping for the work to take place over the summer months, but dates are yet to be confirmed.

7: **CPR (online training course):** There is a free online refresher training course (organised by the British Heart Foundation) relating to CPR. It takes about 15 minutes to complete. Please click on the link if you would like to refresh your knowledge.
